

Historical Records Project Grants

Certification of Compliance with Audit Filing Requirements

The Georgia Historical Records Advisory Board provides grants only to local governments that are in compliance with audit report/grant certification form submission requirements of the State of Georgia. The following Code sections affect a local government's eligibility for state grant funds based upon submission of documents to the State Auditor for review:

O.C.G.A. Section 36-81-7 requires that local governments forward a copy of their annual audit report to the State Auditor for review; and

O.C.G.A. 36-81-8.1 requires that local government recipients of grants from the Governor's emergency fund or from a special project appropriation annually submit a grant certification form to the State Auditor.

I hereby certify that

(organization name)

is in compliance with O.C.G.A. section 36-81-7 and O.C.G.A. section 36-81-8.1.
